**RE:** New Dog Park Rule

---

The Dog Park Committee, at its April 13<sup>th</sup> meeting, established a new rule that requires all dogs using the park to be neutered or spayed. This rule was adopted as a result of incidents that have occurred in the park. This new rule is common in most dog parks. If your dog is not neutered or spayed, you will have time to do so. We will begin to enforce this rule after Memorial Day.

Also, on the reverse side of this flyer are the rules that apply at the Enchanted Forest Dog Park.

Thank you.
